

BOLOGNA COLORADO ELECTRONIC PRESS KIT

Bologna Colorado is a four-piece rock band based in Halifax, Nova Scotia. Their distinct sound is built on a foundation of simple form, while ripping solos and impromptu mid-set jams keep their show spontaneous and lively. Guitar, bass, a keyboard, a drum kit, and no tricks; just straightforward rock 'n' roll.

Officially formed in February 2022, Bologna Colorado got their start busking on Argyle Street from the back of their beat-up cargo van. By August, they were playing a weekly Friday night gig at the Loose Cannon, right across the street from their usual busking pitch.

Their repertoire comprises a variety of original tunes, all performed with energy so authentic and relentless it'll make your skin itch.

The band consists of Cole Chalifoux, vocalist and lead guitarist; Adam Otmar, bassist; Emily Denesyk, keyboardist; and Will Adams, drummer. They released their first album in June of 2023 and continue to perform at their favourite local and distant venues.
